COMPANY PROFILE

Maxtar Bio-Genics is one of India's fastest-growing pharmaceutical companies, ranked among the top 10 generic players in North India. As a fully integrated organization, we bring together manufacturing, marketing, and formulation development under one roof. Our world-class facility is certified with **WHO-GMP standards**, and our manufacturing site has also been approved by various regulatory drug authorities such as **NAFDAC (Nigeria)**, **FDA (Ghana)**, **MOH (Cambodia)**, **PPB (Kenya)** - a mark of global trust and quality.

GLOBAL PRESENCE

With strong international footprints, Maxtar Bio-Genics exports its trusted medicines to South East Asia, Sri Lanka, Afghanistan, the CIS region, and multiple countries across Africa and Latin America. Supported by robust distribution networks, direct sales strategies, and an expanding portfolio, we are steadily building our reputation as a reliable global healthcare partner.

OUR STRENGTHS

- Expertise in **manufacturing, marketing, and sales** with proven capabilities
 - Strong presence in both **domestic and international markets**
 - Specialization in **tablets and capsules** with high-quality output
- Commitment to a **customer-first approach** in every aspect of business
- Consistent pipeline of **new product launches** to meet global demand
- Globally recognized for **quality, reliability, and service excellence**

FORMULATION & DEVELOPMENT (F&D)

- Skilled team of scientists and technologists working on **novel and generic formulations**
 - Expertise in **tablets & capsules**
- Research-driven approach to create **patient-friendly, stable, and effective medicines**
 - Continuous **process optimization** and adoption of advanced technologies
 - Proven expertise in **technology transfer from lab to commercial scale**
 - Development aligned with **international regulatory requirements**

QUALITY YOU CAN TRUST

At Maxtar Bio-Genics, quality is a promise we deliver. Every product passes through rigorous checks—right from the selection of raw materials to the dispatch of finished goods. Our facilities are equipped with advanced analytical technologies such as HPLC and UV spectrophotometers, enabling precision and consistency in testing. With manufacturing units inspected and approved by international regulatory authorities, we are committed to providing medicines that meet global benchmarks of safety and efficacy.

ENVIRONMENTAL RESPONSIBILITY

We believe that growth must go hand in hand with sustainability. All our processes are designed to be eco-friendly, with strict compliance to regulations set by the Pollution Control Board. Our commitment to maintaining a clean and green environment reflects our responsibility towards creating a healthier world for future generations.

Maxtar Bio-Genics – Delivering Quality. Building Trust. Improving Lives.
